NIRJAL ACHARYA

Web & AI Developer

Kathmandu, Nepal • Email: acharyanirjal7@gmail.com
GitHub: github.com/Nirjal0007 | LinkedIn: linkedin.com/in/nirjal-acharya-996688383 | Portfolio: nirjal7.com.np

PROFESSIONAL PROFILE

Information Technology undergraduate with hands-on experience developing software applications through academic and personal projects. Experienced in web development, database management, and AI-based image classification, with practical exposure to PHP, Laravel, React.js and Python. Comfortable working on individual projects and collaborating with development teams. Interested in exploring new technologies, solving practical problems, and contributing to real-world projects. Seeking an internship to apply existing knowledge and gain professional experience.

EDUCATION

Bachelor of Information Technology (BIT) | KIST College of Information Technology, Kathmandu
Currently Enrolled in Seventh Semester

TECHNICAL SKILLS

Programming Languages: C, C++, Java, JavaScript, PHP, Python
Web Technologies: HTML, CSS, React.js, Laravel (MVC), REST API Integration
Database: MySQL, SQL
AI & Machine Learning: TensorFlow, CNN-based Image Classification
Tools: Git, GitHub

PROJECT EXPERIENCE

BuildFlow — Construction Management System | *https://github.com/Nirjal0007/BuildFlow*
- Developed a construction-management web application using PHP, Laravel, and MySQL.
- Implemented administrative authentication, CRUD operations, and database management functionality.
- Developed administrative workflows for managing public inquiries and quotation requests.

SmartAgro AI — Plant Disease Detection System | *github.com/Nirjal0007/SmartAgroAI*
- Developed an AI-based plant disease classification system using Python, TensorFlow, and CNN architecture.
- Trained an image-classification model using the PlantVillage dataset.
- Implemented leaf disease prediction with confidence scores and treatment recommendations.

Civic Eye — AI Civic Inspector
- Developed the majority of the frontend using React.js and JavaScript.
- Worked with a development team to integrate AI-powered issue detection into a civic infrastructure reporting web application.

Personal Portfolio Website | *nirjal7.com.np*
- Developed and deployed a personal portfolio website to showcase projects, technical skills, and professional information.
